

Honeywell

For Peace of Mind

Insist on Honeywell

When it comes to security, comfort and convenience, homeowners look to Honeywell. In fact, more homes in the United States and Canada are protected with Honeywell security systems than those of any other manufacturer. At Honeywell, we know that your security comes from knowing you’ve made the very best choice for your family’s protection.

Your Honeywell Dealer:

Protected...and Connected

Stay safe, in touch and in the know with LYNX Plus

You're in Control

Honeywell's convenient wireless remotes provide simple, single button control of your security system, lights, garage doors and more.

For peace of mind, you need to know that what you cherish most—your family and home—are safe and secure. Look no further than Honeywell's LYNX Plus security system.

LYNX Plus provides superior, round-the-clock security—protecting your property and the people you love. But LYNX Plus does so much more than keep you

safe. When used with Honeywell Total Connect™ Remote Services, LYNX Plus enables you to receive important alerts, keep a close eye on your home and control your security system remotely via the Internet and the same mobile devices you use each and every day.

Isn't it time you got connected? Ask your security professional for details today!

*LYNX Plus is Honeywell Total Connect ready when using optional communications devices. Ask your security dealer for details and availability.

24 Hour Monitoring

Your home can be monitored by security professionals 24 hours a day to ensure a quick response in the event of an alarm, fire or other emergency.

Security Made Simple

Honeywell

Full Voice Response

LYNX Plus speaks to you in plain English, indicating system status, zone descriptions, alarms and emergencies.

"READY TO ARM"

Family Message Center with Built-in Microphone

The Family Message Center lets everyone record and playback voice memos for one another. LYNX Plus can also be used as a convenient, hands-free speakerphone.

Single-Button Operation

You can arm your system with a single button without having to enter a code.

Built-in Sounder

Energy Management

Ask your security dealer about automatic thermostat setback and basic lighting control. You'll enjoy energy savings and reduce your carbon footprint.

Follow Me

The "Follow Me" feature can actually call and alert you to alarms and remind you of important appointments.

Crystal Clear Backlit LCD Display

The vibrant, easy-to-read Custom Alpha Display spells out the exact type and location of an alarm in plain English so you can react quickly.

Scheduling

LYNX Plus can turn lights on or off at specified times. It can even work as an alarm clock and remind you of scheduled events throughout your day.

Full-function 16-Button Keypad

- Puts a wide range of security and convenience features at your fingertips
- Rubber keys are clearly marked, comfortable to the touch and easy to clean
- Illuminates to provide you with better visibility during nighttime operation

Two-way Voice

Two-way voice helps ensure that the proper emergency response personnel will be dispatched to your home if necessary by letting central station operators listen in and talk to you when a signal is received.

Reliable, Built-in Communications

Able to send alarm signals to the central station over phone lines, Internet and internal GSM radio.

Remote Phone Control

LYNX Plus keeps you connected by allowing you to remotely operate your security system from any touchtone phone—from your car, office, or anywhere in the world.

Lighting and Home Automation

Turn lights on or off and control garage doors with the touch of a button.
